ENABLING Church

EVERYBODY IN! Day Conference

Tuesday 3 June 2014, Bethel Convention Centre, West Bromwich

With dedicated streams on

DISABILITY - DEMENTIA - DEAFNESS

and a stream for

FAMILIES & CARERS with

A conference from Churches for All, a partnership of Christian disability-focussed organisations and associates

INVITING, INCLUDING, INVOLVING, IN CHRIST

Event sponsors:

A major national conference

There are over eleven million people with a limiting long term illness, impairment or disability in Great Britain. That's one in six of the population – and growing.

How can my church ...

- Face the challenge of dementia?
- Enable disabled people?
- Include Deaf people?
- Support carers?

ENABLING Church: *Everybody in!* brings a distinctively Christian perspective to these issues.

Every local church needs become an 'enabling church' that welcomes, includes and involves people with dementia, disability, deafness, their families and those that care for them.

The programme involves a majority of speakers with direct experience of a range of disabilities, either for themselves or with close family members.

All welcome

The purpose of the conference is unashamedly transformational. It's a day packed with insights, practical ideas, theological perspectives and dialogue.

ENABLING Church is for clergy and church leaders of all denominations, for lay people, family workers and carers. The wide-ranging topics include issues of identity, the case for interdependency and the demands of an ageing population.
