and guide

Churches for All
in association with Disability & Jesus

For many churches the Christmas Carol Service is among the best attended activities of the year. It's an occasion where many who don't regularly come to church show up. So it makes sense that everyone who visits can get in, join in and be a part of it just like anyone else.

Make yours an **Accessible** Carol Service: a service where everyone feels welcome and included.

To help you make yours an Accessible Carol Service, we have put together a video and guide that you can receive for free.
