

Churches for All is a UK network of Christian disability-engaged organisations. Together we share a passion to see disabled people fully included in church life, across the UK and across all church streams. What we strive for goes way beyond accessibility to a level-playing field that fosters a sense of belonging and releases God-given gifting to bless the whole church community.

I passionately believe that ...listening to those with lived experience of disability is absolutely vital if we are to be a church where everyone is valued and everyone belongs.
